INDEX TO VOLUME XIV

1932

SUBJECTS

Accounting principles in connection with payment of construction costs on federal irrigation projects, 687
Adjustments:
—in agricultural production, 83; discussion, 92
—in credit, 108; discussion, 116
—in taxation, 94; discussion, 105
Agricultural clearing house, What is it?, 495
Agricultural commodities, selected shifting demand for, 1875-1929, 201
Agricultural cooperation among the Germans of Czechoslovakia, 354
Agricultural cooperative marketing law, 179
Agricultural credit and the economic organization, 138
Agricultural credit, research in, 165
Agricultural crisis in the U.S., 522
Agricultural history, yearbook of the German society for, 173
Agricultural land utilization, research in, 164
Agricultural marketing, 175
Agricultural marketing act, British, 558
Agricultural output of the Irish Free State, 160
Agricultural production:
—adjustments in, 83
—diminishing returns in view of progress in, 640
—European competition in, 267, 500
Agricultural products:
—American, international relations and financial conditions in foreign countries affecting demand for, 257
—in U.S., marketing of, 530
—indications of changes in the demand for, 239
Agricultural situation in 1930-31, 712
Agriculture, American:
—certain aspects of outlook for, during the next ten years, 69
—economic policy for, 715
—effects on, of a duty on Philippine coconut oil and copra, 311
Agriculture:
—and the business cycle since 1920, 176
—business cycle and its relation to, 67
—California, influence of Spanish and Mexican land grants on, 679
—economic national policy for, 504
—in Europe, statistics for 1927-28, 512
—in Germany from a national and world point of view, 723
—indebtedness of, in Czechoslovakia, 355
—international, an American pioneer in, 574
American agricultural products, international relations and financial conditions in foreign countries affecting demand for, 257
American industry, concentration of control in, 171
An American pioneer in international agriculture, 574
An application of "movement theory" in the behavior of prices to corn prices, 358
Annual reports, 187

Banking reform, rural, 528
Basic surplus plan for controlling production of milk, use of a "closed" vs. "open," 157
Bohm Bawerk, suggestion on depreciation from, 154
Book reviews, 164, 363, 503, 701
Books received, 163, 362, 700
British agricultural marketing act, 558
Bulgarian farming, difficulties in, 355
Burden of increased cost of distribution, 650
Business cycle:
—agriculture and, since 1920, 176
—and its relation to agriculture, 59; discussion, 67
Business depression, effect of, on the demand for livestock products and the outlook for these products, 228

California agriculture, influence of Spanish and Mexican land grants on, 679
California state water plan, 672
Canada, agriculture, climate, and population in the prairie provinces of, 525
Canadian grain trade, 702
Census, 1930, of livestock on farms, interpretation of, 453
Certain aspects of the outlook for American agriculture during the next ten years, 69; discussion, 80
Chain stores, selected, in metropolitan New York, study of demand for eggs in, 1929, 373
Changes in farm tenancy during fifty years, 685
Clearing house, agricultural, What is it?, 495
Commodities, selected agricultural, shifting demand for, 1875-1929, 201

Comparative advantage in land utilization and farm management studies, synthetic method and, 493
Comparison of prices of hogs arriving by truck and by rail at south St. Paul, 156
Competition, European, in agricultural production, 267
Concentration of control in American industry, 171
Concept of marginal land, 295
Construction costs, correct accounting principles in connection with payment of, on federal irrigation projects, 687
Cooperation, agricultural, among Germans of Czechoslovakia, 354
Cooperative marketing law, agricultural, 179
Corn and hog surplus of the corn belt, 506
Corn belt, readjustments in organization in view of the outlook for agriculture in, 433
Corn prices, "movement theory" in the behavior of prices to, 358
Correct accounting principles in connection with the payment of construction costs on federal irrigation projects, 687
Costs:
—farm equipment, research in, 341
—method of prorating, between main products and by-products, 353
County records, problems in using, in farm mortgage research, 681
Credit:
—adjustments in, 108
—agricultural, and the economic organization, 138
—agricultural, research in, 165
—provision of, with special reference to agriculture, 516
Czechoslovakia:
—Germans of, agricultural cooperation among, 354
—indebtedness of agriculture in, 355

David Lubin (*see* An American pioneer . . . .)
Delaware tenant farmers, period of tenure and shifts of, 497
Demand:
—for agricultural producers, indications of changes in, 239
—for American agricultural products, international relations and financial conditions in foreign countries affecting, 257
—for eggs in selected chain stores of metropolitan New York, 1929, study of, 373
—for livestock products, effect of a business depression on, and outlook for these products, 228
—shifting, for selected agricultural commodities, 1875-1929, 201
Depreciation, suggestion on, from Bohm Bawerk, 154
Depression:
—effect of business, on the demand for livestock products and the outlook for these products, 228
—long-time farm credit in a, 615
Difficulties in Bulgarian farming, 355
Diminishing returns in view of progress in agricultural production, 640
Distribution, burden of increased cost of, 650
Duty:
—on Philippine coconut oil and copra, effects on American agriculture of a, 311
—on Philippine sugar, probable effects of a, 599

Economic organization:
—agricultural credit and, 138
—rural, problems of land-utilization studies in relation to, 662
Economic policy for American agriculture, 715
Economic stabilization in an unbalanced world, 363
Effect of a business depression on the demand for livestock products and the outlook for these products, 228
Effect of a property tax off-set under an income tax, 732
Effects on American agriculture of a duty on Philippine coconut oil and copra, 311
Efficiency, layout as related to, in the use of labor, 345
Eggs:
—marketing of Virginia farm flock, on graded basis, 683
—study of demand for, in selected chain stores of metropolitan New York, 1929, 373
Essays on research in the social sciences, 168
Europe, statistics for agriculture in, from farm accounting for 1927-28, 512
European competition in agricultural production, 267, 500; discussion, 281
Experiments in the use of large-scale machinery under Montana conditions, 336
Extension, farm economics, origin of, 17

Farm accounting, summary of statistics based on, 512
Farm credit, in a depression, 615
Farm economics extension, origin of, 17
Farm economics in the United States, origin and development of, 2
Farm equipment costs, research in, 341
Farm expenses, some problems in studying, 670
Farm labor, wages paid to, and trends in machinery cost, 331

Farm machinery, introduction of, in relation to productivity, 514
Farm management:
—human factor from viewpoint of, 119
—in South Africa, 705
—opportunity cost basis of the substitution method in, 384, 541
—origin and development of office of, in U.S.D.A., 10
—research in: scope and method, 701
—study of the human factor in, 470
Farm management studies, synthetic method and the principle of comparative advantage in land utilization and, 493
Farm mortgage indebtedness, volume of, 676
Farm mortgage research, problems in using county records in, 681
Farm mortgage situation with special reference to the eleven western states, 605
Farm organization in New England, readjustments in, 447
Farm tax revision by recent state legislatures, 480
Farm tenancy, changes in, during fifty years, 685
Farmer, the surplus, 527
Farmers' response to price relationships in the production of selected crops, in Minnesota, 677
Farming, Bulgarian, difficulties in, 355
Farms, suitable sizes of, in the U.S., 517
Federal irrigation projects, correct accounting principles in connection with payment of construction costs on, 687
Financial conditions, international relations and, in foreign countries affecting the demand for American agricultural products, 257
First president of the American Farm Management Association, 1
Forecasting the yield of winter wheat seven months prior to harvest, 319
Foreign countries, international relations and financial conditions in, affecting demand for American agricultural products, 257
Future of the general price level, 23; discussion of, 46, 51

General price level, future of, 23
Geography of the Mediterranean, 713
German agriculture, mortgage credit in, 179
Germans of Czechoslovakia, agricultural cooperation among, 354
Germany, agriculture in, from a national and world point of view, 723
Graded basis, marketing of Virginia farm flock eggs on, 683
Grain trade, Canadian, 702
Great Plains, 714
Great Plains area, northern, readjustments in organization of, in view of the outlook for agriculture, 442

Harvest of winter wheat, forecasting yield of, seven months prior, 319
Hog and corn surplus of the corn belt, 506
Hogs:
—comparison of prices of, arriving by truck and by rail at south St. Paul, 156
—Pacific Coast markets for, potential supply areas of, 586
Human factor:
—from the viewpoint of farm management, 119
—from the viewpoint of social relations, 128
—in farm management, study of the, 470

Indebtedness of agriculture in Czechoslovakia, 355
Indications of changes in the demand for agricultural products, 239; discussion of, 256
Industry, American, concentration of control in, 171
Influence of Spanish and Mexican land grants on California agriculture, 679
International agriculture, an American pioneer in, 574
International relations and financial conditions in foreign countries affect the demand for American agricultural products, 257; discussion, 265
Interpretation of the 1930 census of livestock on farms, 453
Irrigation projects, federal, correct accounting principles in connection with construction costs, 687
Irish Free State, agricultural output of, 160
Italian agriculture, distribution of social income in, 174

Labor:
—efficiency in use of, as related to layout, 345
—farm, wages paid to, and trends in machinery cost, 331
Labor-saving methods, study of, on Massachusetts vegetable farms, 351
Land:
—and life; economic national policy for agriculture, 504
—marginal, concept of, 295
—vacant, valuation of, in suburban areas, 730
Land utilization:
—agricultural, research in, 164
—in Siam, 152
—national conference and committees on, 489

—synthetic method and the principle of comparative advantage in, and farm management studies, 493
Land-utilization studies, local, in relation to problems of rural economic organization, 662
Layout as related to efficiency in the use of labor, 345
Livestock on farms, interpretation of 1930 census of, 453
Livestock products, effect of business depression on demand for, and outlook for, 228
Local land-utilization studies in relation to problems of rural economic organization, 662
Long-time farm credit in a depression, 615
Lubin, David (*see* An American pioneer in international agriculture)

Machinery cost, trends in, and wages paid to farm labor, 331
Machinery, large-scale, experiments in use of, under Montana conditions, 336
Making farms pay, 366
Marginal land, concept of, 295
Marketing act, British agricultual, 558
Marketing:
—agricultural products in the U.S., 530
—of wool, 513
—Virginia farm flock eggs on a graded basis, 683
Massachusetts vegetable farms, study of labor-saving methods on, 351
Mediterranean, geography of, 713
Method of prorating costs between main products and by-products, 353
Mexican and Spanish land grants, influence of, on California agriculture, 679
Milk, controlling production of, comparison of "closed" and "open" base in, 157
Minnesota farmers' response to price relationships in the production of selected crops, 677
Montana conditions, experiments in use of large-scale machinery under, 336
Mortgage credit in German agriculture, 179
Mortgage indebtedness, farm, volume of, 676
"Movement theory" in the behavior of prices to corn prices, 358

National conference and committees on land utilization, 489
New England, farm organization in, readjustments of, 447
News items, 182, 369, 536, 734
Notes, 152, 353, 489, 679

Office of Farm Management, origin and development of, in U.S.D.A., 10
Opportunity cost basis of the substitution method in farm management, 384, 541
Organization, economic, agricultural credit and, 138
Organization for production, readjustment in, in view of the outlook for agriculture, 406
Origin:
—and development of farm economics in the United States, 2
—and development of the Office of Farm Management in U.S.D.A., 10
—of farm economics extension, 17
Outlook for agriculture:
—American, certain aspects of, during the next ten years, 69
—in the corn belt, readjustments in organization in view of, 433
—in northern Great Plains area, readjustments in organization in view of, 442
—readjustment in organization for production in view of, 406
—readjustment in South in view of, 429
Outlook for livestock products, and effect of depression on demand for these products, 228

Pacific Coast markets for hogs, potential supply areas of, 586
Period of tenure and shifts of Delaware tenant farmers, 497
Philippine coconut oil and copra, effects on American agriculture of a duty on, 311
Philippine sugar, probable effects of a duty on, 599
Pioneer, American, in international agriculture, 574
Planned economy, 728
Plight of cigarette tobacco, 511
Population, agriculture, and climate, of the prairie provinces of Canada, 525
Populist revolt: history of the Farmers' Alliance and the Peoples' Party, 503
Potential supply areas of Pacific Coast markets for hogs, 586
Poultry business, wholesale, in San Francisco, 630
Price level, general, future of, 23
Price relationships, Minnesota farmers' response to, in the production of selected crops, 677
Prices:
—"movement theory" in the behavior of, to corn prices, 358
—purchasing power, and value, 491
Probable effects of a duty on Philippine sugar, 599
Problems:
—in studying farm expenses, 670

—in using county records in farm mortgage research, 681
—of rural economic organization, local land-utilization studies in relation to, 662
Production, agricultural, adjustments in, 83
Progress in agricultural production, diminishing returns in view of, 640
Prorating costs between main products and by-products, 353
Purchasing power, prices, and value, 491

Rail and truck, comparison of prices of hogs arriving by, at south St. Paul, 156
Readjustment in organization for production in view of the outlook for agriculture, 406
Readjustments:
—for southern agriculture in view of the outlook, 429
—in farm organization in New England, 447
—in organization in the northern Great Plains area in view of the outlook for agriculture, 442
—in organization in view of the outlook for agriculture in the corn belt, 433
Reports, annual, 187
Research:
—in agricultural credit, 165
—in agricultural land utilization, 164
—in farm equipment costs, 341
—in farm management: scope and method, 701
—in the social sciences, essays on, 168
Rural community, 710
Rural economic organization, problems of land-utilization studies in relation to, 662
Rural Vermont: A program for the future, 166

St. Paul, south, comparison of prices of hogs arriving by truck and by rail at, 156
San Francisco, wholesale poultry business in, 630
Shifting demand for selected agricultural commodities, 1875-1929, 201
Siam:
—land utilization in, 152
—rural economic survey, 1930-31, 707
Social economy in the U.S.S.R., 728
Social relations, human factor from the viewpoint of, 128
Social sciences, essays on research in, 168
Soil, its influence in the history of the U.S., 524
Some problems in studying farm expenses, 670
South Africa, farm management in, 705
Southern agriculture, readjustments for, in view of outlook, 429
Spanish and Mexican land grants, influence of, on California agriculture, 679
Spillman, Willim Jasper, 1
Study of the demand for eggs in selected chain stores of metropolitan New York, 1929, 373
Study of the human factor in farm management, 470
Study of labor-saving methods and technique on vegetable farms in Massachusetts, 351
Substitution method on farm management, opportunity cost basis of, 384, 541
Suburban areas, valuation of vacant land in, 730
Sugar, Philippine, probable effects of a duty on, 599
Suggestion on depreciation from Bohm Bawerk, 154
Supply areas, potential, of Pacific Coast markets for hogs, 586
Surplus, corn and hog, of the corn belt, 506
Surplus farmer, 527
Synthetic method and the principle of comparative advantage in land utilization and farm management studies, 493

Tax, property, effect of a, off-set under an income tax, 732
Tax revision, farm, by recent state legislatures, 480
Tax systems, federal and state, 515
Taxation, adjustments in, 94
Tenancy, farm, changes in, during fifty years, 685
Tenant farmers, Delaware, period of tenure and shifts of, 497
Tenure and shifts of Delaware tenant farmers, period of, 497
Tobacco, cigarette, plight of, 511
Trends in machinery cost and wages paid to farm labor, 331
Truck and rail, comparison of prices of hogs arriving by, at south St. Paul, 156

United States, agricultural products in, marketing of, 530
U.S.D.A., origin and development of Office of Farm Management in, 10
U.S.S.R., social economy of, 728
U.S.S.R., wheat problem in, 284
Use of a "closed" base contrasted to an "open" base in basic surplus plan for controlling the production of milk, 157

Valuation of vacant land in suburban areas, 730
Value, purchasing power, prices and, 491

Vegetable farms, Massachusetts, study of labor-saving methods on, 351
Vermont, rural: a program for the future, 166
Virginia farm flock eggs, marketing of, on graded basis, 683
Volume of farm mortgage indebtedness, 676

Wages paid to farm labor, trends in machinery cost and, 331
Water plan, California state, 672
Western states, farm mortgage situation with special reference to, 605
What is an agricultural clearing house?, 495
Wheat, 366
Wheat problem in U.S.S.R., 284
Wheat production, zones of, in the United States, 519
Wheat, winter, forecasting yield of, seven months prior to harvest, 319
Wholesale poultry business in San Francisco, 630
William Jasper Spillman, 1
Wool, marketing of, 513
